Deadline for manuscript
submissions:
30 June 2023

Message from the Guest Editors

In this Special Issue, original research articles and reviews are welcome. Research areas may include but not limited to the topics as specified below:

Geospatial data policy and practices and their harmonization under Sendai framework.

Formal education and curricula development to emphasize on sustainable development as prescribed by Sendai Framework.

Tools for dissemination of objective information about the current situation of disasters and plans for solution to avoid panic and wrong decision on various levels of state managements.

Legal issues around interoperability, rights management, and privacy.

Value and sustainability of developing SDI, Digital Twins, and Smart Cities to support DRR.

Needs and gaps in data skills to interpret, process, analyse and estimate simulations and predictions with geospatial data to support decision-making process.

Availability, findability, accessibility, interoperability, and reusability of geospatial data in for the purpose of DRR.

The challenges in combining, integrating and analysis of geospatial data.

Best practices of geospatial data use for DRR.

Best practices of cross collaboration between international and national organisations for DRR.

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Author Benefits

Open Access:— free for readers, with [article processing charges \(APC\)](#) paid by authors or their institutions.

High Visibility: indexed within [Scopus](#), [SCIE](#) and [SSCI \(Web of Science\)](#), [GEOBASE](#), [GeoRef](#), [Inspec](#), [AGRIS](#), [RePEc](#), [CAPlus / SciFinder](#), and other databases.

Journal Rank: [JCR - Q2 \(Environmental Sciences\)](#) / [CiteScore - Q1 \(Geography, Planning and Development\)](#)
