Scope

Geoinformatics is the synergy of data and systems from various disciplines brought together to provide information on the state of the earth: Geographical Information System (GIS); computerized databases and applications; computer science; remote sensing; photogrammetry; graphical processing; cartography; statistics; etc. – it is describing the main interface between the real and the measured, or virtual, world. It combines geospatial analysis and modeling, the development of geospatial databases; information systems design; visualization (human-computer interaction), and communication (both wired and wireless networking technologies).

Today, many government and non government agencies have started to use spatial data for managing their daily activities. Often, those concerned are not experts in Geoinformatics so there is a need to condense expert information into something usable by the end-user. To achieve this end, it is important that advances in the technology and new developments in the applications of Geoinformatics become a part of the information management and decision making process.

Topics

Submissions are invited in, but not limited to, the following areas:

• Spatial analysis and spatial data mining
• Spatial reasoning and spatial decision support systems
• Spatial data and model quality
• Geometric analyses of IR, SAR, IFSAR and LIDAR
• Automated feature and attribute extraction techniques and methodologies from multi-sensor/resolution/spectral/temporal and hyperspectral imagery
• Object detection, recognition, identification and reconstruction
• Extraterrestrial spatial databases and spatial information systems
• Integration of spatial information systems and image analysis for GIS-driven change detection, data capture and updating
• Dynamic spatial information systems, spatial data revision and versioning
• Physical modeling and signatures in remote sensing
• Thematic data analysis (classification, change detection, etc.)
• Radar and lidar data processing and applications

Abstract Submission

• The **SSG joint meeting** requires **abstracts** for all papers, including plenary papers, oral and poster presentations, for the review process. Proceedings will be published as **ISPRS Archives**. Abstracts are **due on June 30, 2013**. You may send your abstract online through www.isprs2013-ssg.org.

• The **workshops** require **full papers** which will undergo double-blind peer review and will be published in the **ISPRS Annals.** Submissions describing original and unpublished research are invited by **June 30, 2013** and should be made through
- **www.pf.bv.tum.de/isprs/cmrt13/** for **CMRT**
- **www.cirgeo.unipd.it/laserscanning2013/** for **Laser Scanning**
- **www.tnt.uni-hannover.de/isprs/isa13/** for **Image Sequence Analysis**

• The papers should be prepared according to the ISPRS guidelines for preparing manuscripts (http://www.isprs.org/documents/orangebook/app5.aspx) and should not exceed 6 pages in length.

• Accepted papers have to be submitted as camera-ready manuscripts **by August 31, 2013.**

• At least one author has to be registered before the deadline of authors to warrant publication of the paper in the proceedings.

Important Dates

Papers to be submitted to joint meeting for ISPRS Archives
Deadline for Submission of abstracts   30 June 2013
Notification of authors   15 July 2013

Papers to be submitted to LS, CMRT & ISA for ISPRS Annals
Deadline for Submission of full papers   30 June 2013
Notification of authors   19 August 2013

Deadline for Submission of camera ready manuscripts   31 August 2013
Deadline for Registration of authors: 31 August 2013
Deadline for Early registration deadline   15 September 2013

Registration & Accommodation

1- REGISTRATION FEES

FULL PARTICIPANT	Before September 15, 2013	After September 15, 2013
JOINT MEETING	400 Euro	500 Euro
CMRT, LS & ISA WORKSHOPS	300 Euro	400 Euro
JOINT MEETING & WORKSHOPS	500 Euro	600 Euro

STUDENT	Before September 15, 2013	After September 15, 2013
JOINT MEETING	250 Euro	300 Euro
CMRT, LS & ISA WORKSHOPS	200 Euro	250 Euro
JOINT MEETING & WORKSHOPS	300 Euro	350 Euro

2- ACCOMPANYING PERSON & COMPANY REPRESENTATIVE

	Before September 15, 2013	After September 15, 2013
JOINT MEETING	100 Euro	150 Euro
CMRT, LS & ISA WORKSHOPS	50 Euro	75 Euro
JOINT MEETING & WORKSHOPS	125 Euro	175 Euro

• Participants of the scientific program, even speakers, accompanying persons or company representatives should register to the conference.
• Registration fees include conference cd, conference bag, certificate of attendance, entrance to the exhibition area and conference area.
• All accepted papers should be presented at the ISPRS2013-SSG Conference. Therefore, at least one author of each accepted paper must be registered before September 15th (submissions are limited to one paper per main author), and present the paper. If none of the authors of an accepted paper is registered by the indicated deadline, or the paper is not presented in the conference, it will be withdrawn from the conference archives. If an accepted paper has more than one author, and more than one of those authors will attend, then each author who attends the conference must pay a registration. Only the presenting author must register by the deadline; the other authors do not have a deadline to register.
• **VAT 18% is to be added to the above given fees.**

REGISTRATION CANCELLATION POLICY
• All booked registration services cancelled before 02 August, 2013 are 100% refundable after deduction of expenses already incurred.
• All booked registration services cancelled between the dates of 02 August - 15 September 2013 are 50% refundable.
• No refunds for cancellations made after 15 September 2013.
• All cancellations must be done in writing to Conference Secretariat.
• All refunds will be executed after the end of Joint Meetings.
