

2015 ISPRS Call for Scientific Initiatives

In accordance with the statutory mission and activities of ISPRS, the Society shall provide funds to support scientific and other initiatives, which will further improve its international status in the field of the photogrammetry, remote sensing and spatial information sciences, and will therefore benefit all ISPRS members. Future calls for funding shall be made on a two yearly basis (in odd-years), and dependent on the budgetary restrictions at the time of the call for proposals. In view of commitments made to the previous call, for 2015 ISPRS Council is making up to SFr. 25,000 available to support new scientific initiatives. The maximum funding assigned to any one scientific project shall be SFr. 6,000 per annum. Projects should commence on or after 1st January 2015 and can be of any duration up to a maximum of 12 months, to be completed on or before 31st December 2015. ISPRS Working Group Officers are invited to submit applications to their respective Technical Commission President by the deadline below. Further details, including information on the application process, are available in Appendix 9 of the Orange Book at:

<http://www.isprs.org/documents/orangebook/app9.aspx>

Any queries should be addressed to the ISPRS Treasurer, Jon Mills, at jon.mills@ncl.ac.uk.
