Subject: Submission of nomination of the Secretary General candidate

Dear prof. Heipke,

We are writing to you on behalf of the Czech Society for Photogrammetry and Remote Sensing (Společnost pro fotogrametrii a dálkový průzkum, spolek), with its registered address at Thákurova 2077/7, 160 00 Prague, Czech Republic, identification number 00205460, as an Ordinary Member of the International Society for Photogrammetry and Remote Sensing Inc., a non-stock, not for profit corporation registered in the State of Maryland, USA (ISPRS).

According to section VIII paragraph 1 of the Bylaws of ISPRS, we would like to submit hereby a nomination of president of our Society, Mrs. Lena Halounová, as a candidate for a position of the Secretary General of ISPRS for the term 2016 – 2020.

We are convinced that since she is a specialist and worldwide respected professional in the field of photogrammetry and remote sensing as well as since she successfully performs her current office as the Congress Director of ISPRS, she is more than suitable candidate to run for the office of next ISPRS Secretary General.

We kindly ask you to proceed this nomination to the ISPRS Council so the Council may review the recommendations and submit our nomination to the General Assembly of ISPRS.

In case you have any questions or any other requirements in this matter, please, do not hesitate to contact us.

Yours sincerely

Ing. Petr Dvořáček
vice-president

Ing. Karel Vach, CSc.
member of the board
