Tenure-track or Project Assistant/ Associate/ Full Professor Position in Microwave, Radar Remote Sensing and Satellite Surveying and Navigation

The Center for Space and Remote Sensing Research (CSRSR) at National Central University, Taiwan invites applications for two tenure-track or project position in Microwave, Radar Remote Sensing and Satellite Surveying and Navigation. The position will be filled at the level of Assistant, Associate, or Full Professor and begin in **August 2016**. Successful candidates are expected to demonstrate a commitment to excellence in research and teaching in both undergraduate and graduate levels.

Requirement:
Candidates must have a PhD or equivalent doctoral degree in Microwave, Radar Remote Sensing and Satellite Surveying and Navigation or closely related fields. Desired fields of expertise include but not limited to microwave remote sensing, microwave/radar signal and image processing, the development and applications of synthetic aperture radar for environmental, ecological, electrical engineering and computer science (EM Radiation, Communication Engineering), Global Navigation Satellite System, surveying Engineering, satellite Geodesy, Adjustment Theory, Geomatics or earth science studies.

Qualified applicants should email:
(1) cover letter and curriculum vitae
(2) copy of PhD diploma
(3) transcripts of graduate study
(4) publication list and reprints of up to five recent publications
(5) statements of research and teaching interests
(6) three recommendation letters
(7) other supporting materials

- Detailed resume may please be sent to degree@csrsr.ncu.edu.tw by November 15th, 2015. Please mention the position applied for in the subject.
- Only shortlisted candidates will be contacted.
- Please visit http://www.csrsr.ncu.edu.tw for more information about CSRSR.
