COVER: Image of Hyderabad, as viewed by the Indian Remote Sensing Satellite-1D. It is a merged product generated using LISS-3 (23 m multi spectral image) and Pan (5,8 m) data. The date of pass for which the PAN sharpened LISS was generated is 60 30/03/2001 (PAN) & 15/03/2001 (LISS-III). The PATH is 100 and ROW is 60. Satellite is IRS-1D.
