*The International Archives of Photogrammetry and Remote Sensing* are a series of volumes produced from the quadrennial Congress and Symposia of the ISPRS. This *Volume XXIX, Part A* is published by the Committee of the XVII Congress for Photogrammetry and Remote Sensing through the auspices of the American Society for Photogrammetry and Remote Sensing and the National Science Foundation. This material is based upon work supported by the National Science Foundation under Grant Nos. SBR 8922062 and SBR 9119009. Any opinions, findings, and conclusions or recommendations expressed in this material are those of the author(s) and do not necessarily reflect the views of the National Science Foundation.
