Important Deadlines

Papers to be submitted to joint meeting for ISPRS Archives*;

- Submission of abstracts 15 June 2013
- Notification of authors 15 July 2013

Papers to be submitted to LS, CMRT & ISA for ISPRS Annals*;

- Submission of full papers 15 June 2013
- Notification of authors 19 August 2013
- Submission of camera ready manuscripts 31 August 2013
- Registration of authors: 31 August 2013
- Early registration deadline 15 September 2013

* More information on "ISPRS Archives and Annals" can be found at: <http://www.isprs.org/publications/Default.aspx> and ISPRS Orange Book

Meeting Topics

- Spatial analysis and spatial data mining
- Spatial reasoning and spatial decision support systems
- Spatial data and model quality
- Geometric analyses of IR, SAR, IFSAR and LIDAR
- Automated feature and attribute extraction techniques and methodologies from multi-sensor/resolution/spectral/temporal and hyperspectral imagery
- Object detection, recognition, identification and reconstruction
- Extraterrestrial spatial databases and spatial information systems
- Integration of spatial information systems and image analysis for GIS-driven change detection, data capture and updating
- Dynamic spatial information systems, spatial data revision and versioning
- Physical modeling and signatures in remote sensing
- Thematic data analysis (classification, change detection, etc.)
- Radar and lidar data processing and applications
- Building and road extraction from aerial and space-borne images, LiDAR, and SAR
- Updating of existing 3D city models and road data bases
- Automatic texturing of 3D city models
- Information extraction from point clouds
- LiDAR system improvements
- Analysis of full waveform lidar data
- Change detection
- Object detection and tracking
- Security/surveillance
- Application of image sequence analysis
