

ICA/ISPRS :: Joint Call for Papers *Due Soon!*

ICA 2015 Joint sessions on Web/cloud-based mapping for connecting the world.

23-28 August 2015, Rio de Janeiro, Brazil

ICA/ISPRS Joint Sessions

The ICA 2015 conference (www.icc2015.org) will provide a forum for the presentation of scientific papers illustrating the efforts of the research community, professional papers describing the cutting-edge methods employed by mapping organisations, meetings of the ICA Commissions and Working Groups, furthering their international collaborative efforts to advance knowledge and techniques.

Following on from the success of the collaboration initiated at ICC 2013 in Dresden, the joint sessions of the ICA and ISPRS will provide a forum at ICC 2015 for presenting papers that advance the knowledge and techniques of web and cloud based mapping to connect the world. The sessions are co-organized by the ISPRS working group IV/5 *Web and Cloud Based Geospatial Services and Applications* and ICA Commission on Geovisualization in conjunction with the ICA 2015 Conference.

Presentations should cover web and cloud based aspects of mapping, design, geovisualisation, collaboration, analytics, applications, etc. with a view to better *connecting our world*. Submissions addressing further related conference topics and paper themes identified in the conference Call for Papers (<http://www.icc2015.org/call-for-papers.html>) are also welcome.

Submissions are to be made via the ICA 2015 conference web site at : www.icc2015.org and can be put forward as abstracts or full papers. **Please specify the T36 Web/cloud based mapping theme in your submission.** Selected quality submissions will be invited to be extended for peer review and inclusion for publication in a special issue of a range of quality journals identified in the Call for Papers on the conference website.

Please be aware of the **deadlines for submission which are as per the web site.**

JOINT SESSION CO-CHAIRS

ISPRS:

Bert Veenendaal, Curtin University, Australia
b.veenendaal@curtin.edu.au

Maria Brovelli, Politecnico di Milano, Italy
maria.brovelli@polimi.it

Luxin Wu, China University of Mining & Technology, China
awulixin@263.net

ICA:

Anthony Robinson, Pennsylvania State University, USA
acr181@psu.edu (ICA Commission on Geovisualisation)

Bin Jiang, University of Gavle, Sweden

bin.jiang@hig.se (Co-sponsor: ICA Commission on Geospatial Analysis and Modelling)
