

## TABLE OF CONTENTS

Introduction to the Workshop of ISPRS WG IV-2: “Global Geospatial Information and High Resolution Global Land Cover/Land Use Mapping” .....	3
The Status of Topographic Mapping in the World. A UNGGIM - ISPRS Project 2012 – 2014 <i>G. Konecny, U. Breitkopf, A. Radtke, K. Lee</i> .....	4
Towards 3D Raster GIS: on Developing a Raster Engine for Spatial DBMS <i>Sisi Zlatanova, Pirouz Nourian</i> .....	45
Fusion of Mobile Laser Scanning and UAV Data for Cartography Purposes <i>Vladimir A. Seredovich, Maxim N. Altyntsev</i> .....	61
Warfare-Induced Vegetation Cover Change Mapping in East Ukraine Using Multi-Temporal Satellite Imagery <i>Sergey A. Stankevich, Tamara V. Dudar, Olga V. Titarenko, Iryna A. Piestova, Natalia S. Neizmailova</i> .....	62
Rational Land Use as a Factor of Natural Soil Cover Conservation <i>Nadezhda I. Dobrotvorskaya, Alexey V. Dubrovsky</i> .....	70
Using Different Types of Initial Data for Monitoring of the Coastline Inland Seas <i>R.V. Schultz, Ju.V. Kravchenko, T.N. Kvartych</i> .....	75
Evaluation of Threats to Phytodiversity by Means of Geoinformation Cartography <i>I.N. Rotanova, V.V. Gaida</i> .....	86
Mapping of the Current State and Long-Term Changes of Agricultural Lands in the Volga Delta <i>Elena A. Baldina, Ksenia A. Troshko</i> .....	93
The Soil Cover of the Baraba Lowland and its Modern Use <i>Nadezhda I. Dobrotvorskaya</i> .....	102
